

Dance / Movement Therapy Introductory Workshop

13.06.2020

with Manuela Juhart, M.A., Prof. Dr. Sabine C. Koch and Prof. Dr. Liesbet Manders

What will you learn in our master's degree in dance / movement therapy? How do dance / movement therapists work? What research is there on the use of dance and movement in therapy? What is it like to be in this special form of therapy?

Answers to these and many more questions can be found in our introductory workshop. You will come into contact with experienced therapists and professors of dance / movement therapy. In lecture and experience-based workshops you will get to know the diverse field of dance / movement therapy and gain insight into your studies and profession.
